

IB MIDDLE YEARS PROGRAMME – CURRICULUM OVERVIEW – YEAR 4

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35
Bosnian	Ancient literature and religious texts Key concept: Culture / Related concepts: Self-expression, Theme, Structures, Genres / Global context: Scientific and technical innovation													Oral literature Key concept: Time, place and space / Related concepts: Purpose, Theme, Culture, Character Global context: Identities and relationships						Medieval literature Key concept: Relationships / Related concepts: Structure, Style, Theme Global context: Globalization and sustainability															
English	Stories Key concept: Creativity / Related concepts: Setting, Genres, Style, Structure / Global context: Personal and cultural expression											Media Key concept: Communication / Related concepts: Purpose, Audience Imperatives, Intertextuality / Global context: Scientific and technical Innovation						Careers Key concept: Connections / Related concepts: Character, Style, Context / Global context: Identities and relationships						Culture and civilization Key concept: Culture / Related concepts: Character, Point of view, Setting, Context Global context: Personal and cultural expression											
French	Tout nouveau, tout beau Key concept: Liens / Related concepts: Message, Choix lexical, Accent / Global context: Identities and relationships					Vive la liberté Key concept: Communication / Related concepts: Contexte, Forme, Accent Global context: Personal and cultural expression					C'est l'heure Key concept: Communication / Related concepts: Fonction, Sens, But / Global context: Orientation in space and time						Ma vie quotidienne Key concept: Liens, Related concepts: Fonction, Contexte, Structure / Global context: Scientific and technical innovation						Au restaurant Key concept: Culture / Related concept: Convention, Structure, Modèle / Global context: Globalisation and sustainability					Les vacances Key concept: Créativité / Related concept: Modèle, Choix lexical, But / Global context: Fairness and development							
German	Leute, Gesundheit, Sport Key concept: Connections, Related concepts: Conventions, Meaning, Function, Accent / Global context: Identities and relationships													Sprachen, Schulgeschichten, Traumberufe Key concept: Creativity / Related concepts: Form, Context, Structure, Patterns / Global context: Personal and cultural expression										Medien, Mitmachen Key concept: Communication, Related concepts: Audience, Message, Empathy Global context: Scientific and technical innovation											
Maths	Sets and logic Key concept: Form / Related concepts: Representation, Equivalence, Order relations / Global context: Globalization and sustainability											Linear equations and inequalities, Algebraic functions Key concept: Relationships / Related concepts: Representation, Change, System / Global context: Globalization and sustainability										Linear functions, Coordinate and Euclidean geometry Key concept: Relationships / Related concepts: System, Change, Representation / Global context: Globalization and sustainability													
Physics	Basic ideas Systems / Energy, transformation, Development / Scientific and tech innovation					Mechanics Key concept: Change / Related concepts: Consequences, Interactions, Movement Global context: Orientation in time and space										Energy Key concept: Systems / Related concepts: Energy, Form, Transformation Global context: Globalization and sustainability						Fluids Key concept: Systems / Related concept: Form, Movements, Transformation Global context: Scientific and technical innovation					Thermal Physics Key concept: Relationships / Related concepts: Patterns, Change, Models, Evidence, Movement Global context: Personal and cultural expression								
Chemistry	The Periodic Table Key concept: Systems / Related concepts: Form, Evidence, Model, Patterns / Global context: Orientation in space and time											Solutions Key concept: Relationships / Related concepts: Balance, Patterns, Consequences, Movement, Form, Evidence / Global context: Identities and relationships						Aspects of Chemical Reactions Key concept: Change / Related concepts: Models, Conditions, Consequences, Interaction, Transformation, Movement, Transfer, Functions, Patterns, Evidence Global context: Personal and cultural expression																	
Biology	The Chemistry of Life Key concept: Relationship / Related concepts: Balance, Energy / Global context: Identities and relationship – Physical health						Cells Key concept: Systems / Related concepts: Form, Function, Models / Global context: Personal and cultural expression					Genetics Key concept: Systems / Related concepts: Transformation, Patterns / Global context: Orientation in space and time					DNA and heredity Key concept: Relationship Global context: Identities and relationships						Evolution Key concept: Change / Related concept: Consequences, Balance Global context: Fairness and development												
History	Prehistory Key concept: Development / Related concept: Culture, Innovation and revolution/Orientation in space and time					The Ancient World: Mesopotamia, China, Egypt Key concept: Culture / Related concept: Identity, Processes Global context: Personal and cultural expression					The Ancient World: Greece and Rome Key concept: Development / Related concepts: Innovation and revolution, Power, Globalisation Global context: Scientific and technical innovation						Feudal society Key concept: Systems / Related concept: Causality, Culture, Identity Global context: Identities and relationships						Religion in Medieval Times Key: Identity / Related: Choice, Power, Identity / GC: Fairness and development					Age of Exploration Key: Global Interactions / Related: Governance, Power Global context: Orientation in space and time							
Geography	Universe and Earth Key concept: Time, place and space / Related concepts: Causality, Processes / Global context: Scientific and technical innovation						Endogenous processes Key concept: Systems Global context: Orientation in time and space						Exogenous processes Key concept: Change / Related concepts: Causality, Processes, Diversity, Power Global context: Identities and relationships																						
Digital design	Proper Use of Computers Key concept: Communities / Related concepts: Ergonomics, Adaptation, Collaboration Global context: Identities and relationship											Making a Website Key concept: Communities / Related concepts: Form, Resources, Markets and trends / Global context: Orientation in time and space						Creating a New School Logo Key concept: Communication / Related concepts: Adaptation, Innovation, Perspective Global context: Personal and cultural expression																	
Visual arts	How art made the world – Media and materials Key concept: Aesthetics / Related concepts: Composition, Expression, Play, Representation / Global context: Personal and cultural expression											Art as the leading force of learning and knowledge Related concepts: Communication / Key concepts: Presentation, Visual culture, Interpretation, Style / Global context: Identities and relationships						Modern Art Key concept: Change / Related concepts: Structure, Play, Innovation Global context: Orientation in time and place						Ancient World Key concept: Identity Related concept: Expression, Interpretation, Visual culture Global context: Personal and cultural expression											
PHE	Basketball Key concept: Relationships / Related concepts: Balance, Movement, Adaptation Global context: Identities and relationships					Gymnastics Key concept: Change / Related concepts: Balance, Choice, Space Global context: Orientation in space and time										Floorball Key concept: Communication / Related concepts: Adaptation, Energy, Systems Global context: Fairness and development					Aerobics Key concept: Change / Related concepts: Movement, interaction Global context: Globalization and sustainability					Racquet sports Key concept: Relationships / Related concepts: Movement, Adaptation, Space Global context: Orientation in time and space
