Bosnian	Uomo Universale Key concept: Creativity / Related concepts: Self-expression, Style, Intertextuality Global context: Personal and cultural expression														Great 17th and 18th centuries Key concept: Communication / Related concepts: Point of view, Context, Genre Global context: identities and relationships										The feeling of Weltschmerz – Romanticism Key concept: Perspective / Related concepts: Purpose, Structure, Self-expression Global context: Orientation in space and time										
English	Me, Myself and Us Key concept: Identity / Related concepts: Character, Point of view, Self-expression, Setting Global context: Identities and relationships						New Frontiers of the Modern World Key concept: Development / Related concepts: Purpose, Environment, Function, Consequences Global context: Globalization and sustainability						Society Key concept: Perspective / Related concept: Character, point of view, Purpose, Theme, Genres Global context: Orientation in time and space						Conflict Key concept: Relationship / Related concepts: Character, Context, Genres, Setting, Style Global context: Fairness and development																
French	Les Vacances Key concept: Communication / Related concepts: Context, Word choice, Meaning / Global context: Orientation in time and space				Les Affaires Marchent Key concept: Culture / Related concepts: Form, Purpose, Context / Global context: Personal and cultural expression				Tout est bien qui finit bien Key concept: Communication / Related concepts: Structure, Purpose, Meaning / Global context: Scientific and technical innovation				Aux armes les citoyennes Key concept: Connections / Related concepts: Conventions, Function, Context / Global context: Identities and relationships				La fortune sourit aux audacieux Key concept: Creativity / Related concepts: Word choice, Structure, Form / Global context: Orientation in time and space			Les publicites, les medias Key concept: Connections / Related concepts: Meaning, Purpose, Message / Global context: Fairness and development															
German	Essen, Stadt-Land, Umwelt Key concept: Culture / Related concepts: Context, Idiom, Empathy Global context: Globalization and sustainability												Europa, Reisen, Orientierung Key concept: Time, place and space / Related concepts: Audience, Function, Purpose Global context: Orientation in time and space										Wohnen, Familie, Feste Key concept: Relationships / Related concepts: Meaning, Point of view, Word choice, Conventions Global context: Fairness and development												
Maths	Quadratics and statistics Key concept: Relationships / Related concepts: Model, Pattern, Representation Global context: Globalization and sustainability												Exponentials and logarithms Key concept: Relationships / Related concepts: System, Change, Representation Global context: Scientific and technical innovation										Trigonometry Key concept: Logic / Related concepts: Space, Quantity, Model Global context: Orientation in time and space												
Physics	Electricity and magnetism Key concept: Change / Related concepts: Energy, Consequences, Development Global context: Globalization and sustainability												Optics Key concept: Relationships / Related concepts: Interactions, Energy, Environment, Models / Global context: Scientific and technical innovation				Quantum Mechanics Key concept: Relationships / Related concepts: Development, Function, Interaction / Global context: Fairness and development				Nuclear Energy Key concept: Relationships / Related concepts: Energy, Evidence, Consequences / Global context: Identities and relationships														
Chemistry	Organic compounds Key concept: Systems / Related concepts: Models, Consequences, Conditions, interaction Global context: Globalization and sustainability												Biochemistry Key concept: Change / Related concepts: Patterns, Transformation, Balance, Evidence Global context: Scientific and technical innovation										Further Organic Reactions Key concept: Patterns / Related concepts: Transfer, Function, Conditions Global context: Fairness and development												
Biology	Classification Key concept: Relationships / Related concepts: Evidence, patterns Global context: Globalization and sustainability												Organ systems Key concept: Systems / Related concepts: Function, Interaction Global context: Identities and relationships						Photosynthesis and respiration Key concept: Systems / Related concepts: Transformation, Energy, Global context: Globalization and sustainability				Ecology and biodiversity Key concept: Relationships / Related concepts: Consequence, Interactions, Balance, Systems / Global context: Globalization and sustainability												
History	Humanism and Renaissance Key concept: Change / Related concepts: Innovation and revolution, Culture Global context: Personal and cultural expression						Europe transformed: Reform and state building Key concept: Change / Related concepts: Causality (cause/consequence) Global context: Identities and relationships						Revolutions and Change Key concept: Change / Related concepts: Innovation and revolution, Identity Global context: Scientific and technical revolution				Industrialisation and Nationalism in 19th century Key concept: Time, place and space / Related concepts: Innovation and revolution, Perspective, Ethics - Rights Global context: Identities and relationships				Crisis and Conflict Key concept: Global interactions / Related concepts: Nation, Conflict, Cooperation Global context: Orientation in time and space														
Geography	Population and Settlements Key concept: Change / Related concepts: Causality, Diversity, Patterns and trends, Globalization, Culture Global context: Personal and cultural expression												Employment structures Key concept: Global interactions / Related concepts: Power, Globalization, Management and intervention, Sustainability Global context:										World development and interdependence Key concept: Systems / Related concepts: Network, Processes, Disparity and equity Global context: Globalization and sustainability												
Digital design	Making a geometrical shape calculator (programming) Key concept: Development / Related concepts: Innovation, Function, Evaluation Global context: Scientific and technical innovation												Food Making Key concept: System / Related concepts: Adaptation, Innovation, Resources Global context: Fairness and development										Making a commercial Key concept: Communities / Related concepts: Perspective, Resources, Sustainability Global context: Globalization and sustainability												
Music	Characteristics, aspects and basic elements Key concept: Communication / Related concepts: Composition, Presentation, Innovation Global context: Identities and relationships						Traditional music Key concept: Identity / Related concepts: Expression and presentation Global context: Globalisation and sustainability						Instruments Key concept: Change / Related concepts: Innovation, Presentation Global context: Scientific and technical innovation				Opera Key concept: Aesthetics / Related concepts: Structure, Audience, Play Global context: Orientation in space and time				Classical music Key concept: Aesthetics / Related concepts: Genre, Boundaries, Composition, Expression Global context: Personal and cultural expression														
PHE	Volleyball Key concept: Relationships / Related concepts: Choice, Movement, Interaction Global context: Identities and relationships						Martial arts: Judo Key concept: Relationships / Related concepts: Energy, Choice, Movement Global context: Personal and cultural expression						Dance Key concept: Change / Related concepts: Energy, Balance, Interaction Global context: Orientation in space and time				Futsal Key concept: Change / Related concepts: Energy, Choice, Global context: Globalization and sustainability
